# WE ARE REMOTE WORKING EXPERTS

## WHY OUTSOURCING MAKES SENSE RIGHT NOW

Today many manufacturers outsource 70% to 80% of the content of their finished products. Large companies commonly outsource half of their IT operations.

Outsourcing is no longer just about cost saving; it is a strategic tool that may power the twenty-first century global economy. In a survey, 90% of firms cited outsourcing as crucial to their growth strategies.

Leaders can no longer afford to view outsourcing as a mere business tactic; it is now essential to remaining competitive on the world stage.

✓ At Remote Control Business outsourcing, we know that good customer experiences with a streamlined back end are the building blocks for every future business success.

✓ We support businesses of every size, to focus on what they do best while we utilise our outsourcing expertise to help them grow.

✓ We are zealous about creating solutions designed to solve business struggles and add value to people's lives.

✓ Whether it's powering up your launch into a new market or venture or employing sophisticated back office ops, we tailor outsourcing solutions to your needs.

# WHAT MAKES REMOTE CONTROL UNIQUE

We recruit experienced staff within your industry, we motivate them to excel in their fields and to pursue a long-term career within your company.

- We provide our staff in-house services, such as cultural orientation, rewards and recognition programs, promote a healthy work / life balance, diet and exercise routines, as well as social interaction opportunities and company events.
- Remote Control offers seminars & workshops within your industry sector conducted by international market specialists.
- We encourage our clients to visit regularly in the Philippines, hosting team building events and training for their staff.

## INDUSTRY SECTORS

Remote Control enables companies to flourish and retain their staff back home. Allowing them to focus on their core services.

**WE SAVE JOBS, not take them away.**

Our Outsourced staff cover complex workloads as well as the tedious and repetitive tasks.

## RECRUITMENT

We have a competitive advantage with our recruitment team on-site and ready to secure you the best talent available specific to your needs. Our Founder, Adam Piper comes from a strong recruitment background and we have the strongest recruitment team in the Philippines.

We have a ready-made database of 1000s of prospective applicants that we have immediate access to hire - quickly on your behalf. For every position you require outsourced, you will receive a minimum of 3 qualified candidates that will be presented to you!

For us recruitment is a key strength  
**you will get the best.**

# OUR LOCATION

## MARQUEE MALL

A. Gueco Street, Pulung Maragul, Angeles City, 2009 Pampanga, Philippines.

MarQueue Mall captures the festive spirit of the local culture while providing the trademark concepts and services of the Ayala Malls, making it one of the favorite gathering places in Central Luzon.

## SPECIFICATIONS

- ✓ 6100+ square meters of space
- ✓ Easy access with ample parking spaces
- ✓ Professional image & street-appearance

# CLOSER TO EVERYTHING

Major establishments surround Marquee Mall. Aside from other office buildings neighboring townships of Angeles, residential buildings, schools, entertainment centers and transportation hubs are widely available in the area.

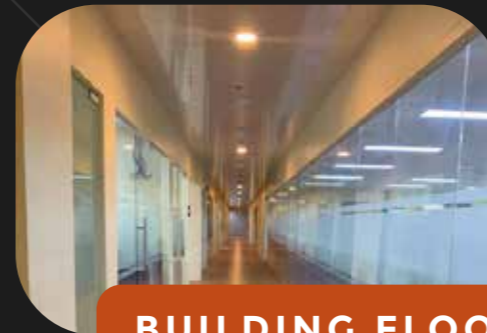

# THE AMENITIES

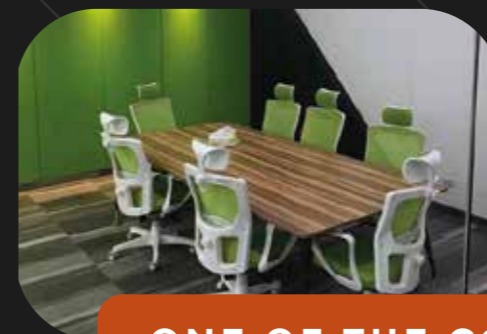

- ✓ 24/7 access to our facility.
- ✓ 200Mbps expandable to 1gig FIBER Internet - best Internet in the Philippines. We invite you to do any Speed Tests or tracers
- ✓ 24/7/365 Backup Generator to avoid service-interruptions
- ✓ 24/7 Central Air-conditioned rooms
- ✓ Professional cleaning by licensed custodian service (common areas) as well as cleaning of your dedicated area
- ✓ On facility pantry with full amenities and on-floor concessionaire
- ✓ 24/7 Restaurants and eating areas on site (KFC, Burger King, Jollibee, and local canteens and eateries.)
- ✓ Building Security Guards
- ✓ Computers provided

**A 20-SEATER OFFICE WITH ITS OWN EXCLUSIVE MANAGER'S OFFICE**

**BUILDING FLOOR'S HALLWAY**

**ONE OF THE CONFERENCE TRAINING ROOM**

**SHARED PANTRY**

# SPECIFICATIONS

Our facilities allow even the most secure operations to run flawlessly. Our policy of bandwidth is a first-in-the Philippines: we do not route your data through a central server configuration.

We will flood the facility with bandwidth and allow each Client untapped access to an enormous FIBER line. This means operations can run through a Client's own provided-local servers, or through remote server configurations.

We do not choke bandwidth,

We do not centrally store your data.

# COMPUTER SPECIFICATIONS

- ✓ Intel i5 Processor
- ✓ 19.5" LCD Monitor
- ✓ 500GB HDD or 128GB SSD
- ✓ 8GB RAM
- ✓ Asus Motherboard
- ✓ Customisation for more specific needs

# LET'S WORK TOGETHER

We offer free consultations with no obligation, for you to decide if remote business services are right for your company at this time.

If you choose to work with us, we are so confident in our results, that should you not be satisfied with our staff, we will rehire at zero additional charge until you are completely satisfied with your remote workforce.

You have **NOTHING** to lose and **EVERYTHING** to gain – saving up to 70% on staffing costs.

## OUR VISION

Guided by our purpose & values, **Remote Control** aims to be a globally competitive BPO centre that provides economic opportunities for the community whilst offering exceptional marketing solutions & services worldwide.
